

ALSCO® SIDING

NATURAL BEAUTY • ALUMINUM DURABILITY

ALSCO

Building Products Since 1947

How green will your next project be?

RECYCLE * REUSE * RENEW

ALSCO® Is Leading The Way To A More Sustainable Future!

ALSCO's high quality products are environmentally friendly. Aluminum can be recycled over and over again while maintaining its original properties.

MADE IN USA

SIDING THAT TAKES CARE OF ITSELF

IT'S VIRTUALLY MAINTENANCE-FREE

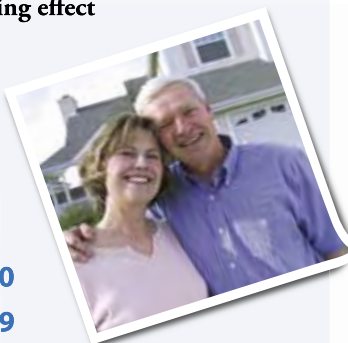

ALSCO® Aluminum Siding is designed to withstand the toughest conditions Mother Nature can dish out. Its baked-on Dymalar® 2000 finish won't show the effect of weathering like wood surfaces, so it never needs to be scraped, sanded or painted. This means less maintenance cost, longer lasting beauty, and more time to do the things you enjoy.

You care about your home. Why not choose an exterior siding that virtually cares for itself? ALSCO Aluminum Siding!

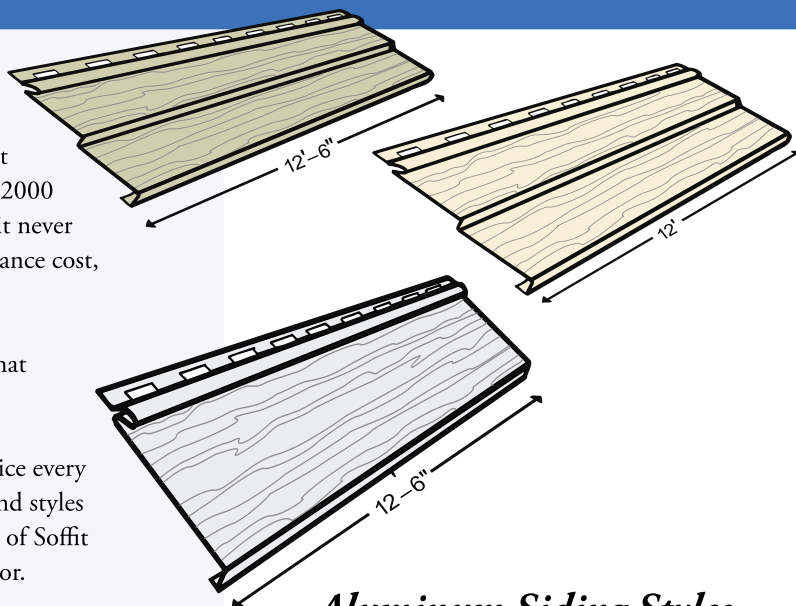

ALSCO Aluminum Siding offers the classic look of wood at a price every homeowner can afford. ALSCO Siding comes in all the colors and styles you need to create a custom look that's right for you. A full line of Soffit and Accessories are available to match or contrast your siding color.

IT'S SOLID

- Built ALSCO-tough, with our proprietary baked-on, Dymalar® 2000 finish is mar, stain and weather resistant
- Ultra-low maintenance: No upkeep cost due to flaking, peeling, chipping, or blistering
- A natural, woodgrain embossed, or a smooth textured finish
- A strong interlocking system for a tight, secure installation
- A 1/2" panel projection for a beautiful shadowing effect
- An assortment of homeowner preferred colors
- Solidly backed by a Limited Lifetime Warranty
